Creation and Management

George S. Yacoubian, Jr. and Erica Yacoubian began their adoption process in 2005. Throughout the spring and summer, they went through home study and various levels of domestic governmental approval. While in Armenia during the summer of 2005, George saw Liliana for the first time. He submitted Liliana's adoption dossier to the Armenian government in the fall of 2005, received preliminary approval in December 2005, and obtained final adoption approval in March 2006. Liliana Sara Yacoubian arrived in the United States on April 23, 2006.

Dr. Yacoubian founded the Society for Orphaned Armenian Relief (SOAR) in the fall of 2005 as a charitable organization that provides humanitarian relief to orphaned children living in Armenia. He has served as SOAR's Executive Board Chairman since 2005 and provides oversight and guidance to all SOAR operations worldwide. In early 2006, an experienced and talented Board of Directors was assembled, a network of Partners in Armenia was recruited to assist with distributions, and the web site was launched. Between 2006 and 2008, SOAR established itself as the only charitable organization whose singular mission is to provide humanitarian assistance to orphaned Armenians around the world. In late 2007 and early 2008, SOAR launched its first two Chapters – in Los Angeles and Washington, DC. In 2009, a National Board of Trustees was created to annually review

SOAR's fiscal operations and distributions. In 2010, SOAR launched its Sponsorship Fund, which today is the primary mechanism through which micro-level children's needs are addressed. Since 2005, SOAR's work has impacted thousands of children, with the penultimate goal to provide institutionalized children with the same educational, emotional, medical, and social support as their non-institutionalized counterparts.

In 2016, SOAR expanded its mission, recognizing that, after a decade of helping children in residential settings, it was necessary to take the proactive step of attempting to reduce the institutionalized orphan population in Armenia. Toward that end, SOAR now supports several day centers, all of which provide services to children *at risk for institutionalization*. SOAR also established its Services to Children in their Own Home (SCOH) Fund. The SCOH Fund works with residential institutions to deinstitutionalize and reunify children with biological families and provides home-based services after reunification to reduce the economic, social, emotional, and professional barriers within the family dynamic that may trigger reinstitutionalization.

Represented by 145 Chapters, 6 Junior groups, and more than 600 volunteers, SOAR supports 40 orphanages, special boarding schools, day centers, summer camps, and transitional centers – in Armenia, Artsakh, Javakh, Lebanon, and Syria. SOAR prides itself on collaboration, creativity, cross-cultural respect, fiscal responsibility, loyalty, and

transparency. During the past 15 years, SOAR's work has transcended all reasonable expectations. In 2006, distributions totaled approximately \$60,000. Since 2015, SOAR has exceeded \$1M distributions annually. SOAR's efforts not only address the major humanitarian constructs of education, emotional and psychological support, nutrition, health and hygiene, dental and vision care, and fundamental human rights, but the Programs offer educational curricula on a multitude of topics that stimulate intellectual curiosity, empowerment, and enrichment.

For several of us, SOAR is our life's work, and we are blessed with a dedicated and selfless cadre of supporters who share our short-term aspirations and long-term vision. We are faced with an enormous responsibility. Our greatest trepidation is not inadequacy or a belief that we are ill-equipped to assist the orphaned children we have embraced as our own, but rather that we have influence and power beyond measure. Our daily routine involves a compulsive desire to assist the abandoned, the sick, the impoverished, and the abused. As SOAR's light shines, we hope that we are unconsciously giving our orphaned population the will to do the same.

Quality Control

SOAR has a strict quality control protocol to assure that all donations, in their entirety, reach the intended recipients. This protocol has six primary elements:

1. SOAR rarely makes cash distributions directly to the orphanages. Rather, goods and services that can be procured in Armenia are purchased by SOAR's Partners and distributed directly to the orphanages. Donations from the Armenian diaspora that can be hand-delivered directly to the children are encouraged.
2. SOAR implements chain-of-custody procedures for any distributed goods or services, providing assurance that these items have been received by the orphanages in the exact quantity intended. These procedures have three steps:
 - a. SOAR staff sign for the shipments and/or attest to the type and quantity of goods or services procured in Armenia. This invoice includes an exact description of the type and quantity of goods and services.
 - b. The recipient orphanage's director signs this same invoice, indicating that the exact type and quantity of goods and services received is the quantity indicated.
 - c. Both invoices are mailed to SOAR's Executive Board Chairman.
3. SOAR staff, Partners, Chapter members, and other volunteers who visit Armenia make random inspections of the orphanages. Any distribution discrepancies are to be reported immediately to SOAR's Executive Board Chairman.
4. When possible, donations are engraved and/or stamped with a corporate seal. Capital projects are acknowledged with a dedication ceremony and plaque.
5. A zero-tolerance policy for fraud, theft, and/or deception is imposed. Any malfeasance would result in the termination of assistance.
6. SOAR utilizes Microsoft Planner, which allows SOAR to retain all receipts, pictures, and internal documents for all projects.
